

The MMCRU Insider

Question of the Week

By MMCRU Tessa Weiler

This week's question is "Have you ever done rock-climbing?" The first person that I asked was Grant Prescott (Sr.) replied, "I have, only once, with the National Guard. It was pretty fun!" Kaden Steffen (Jr.) said, "Yea! It was hard." When I asked Kylie Harpenau (Sr.) she said she did rock climbing at the pool. Cassie Weiler (Sr.) said, "Yes and I wasn't bad at it, but my friend was." Olivia Spenner (Sr.) explained that when she was younger she was good at it, but if she did it now she wouldn't be. Peyton Busch (Fr.) was happy to say she would love to try it sometime. Finally when I asked Mr. Weisert, (Principal) he said, "Not on real rocks, but just the plastic ones!"

Iowa Corn on the Hill Day

Our Intro to Crop Science class was honored to be a part of the Iowa Corn on the Hill Day this week! We were able to hear a great debate on current legislation (they loved hearing the proper use of "Point of Order!") and meet with Iowa Deputy Secretary of Ag Grant Menke.

MMCRU School Activities

Wednesday April 9: 2 Hour Early out
Community Service Day

Wednesday April 17: 2 Hour Early out

April 18-21: No School Spring Break

SENIOR SPOTLIGHTS

Hayden Moos

By MMCRU Grant Prescott

Hayden Moos is a senior at MMCRU High School. In the future, Moos wants to achieve his dream of becoming a software developer. To achieve this goal, he plans to attend DMACC where he will major in computer information systems. His favorite teacher at MMCRU is Mr. Wimmer because he is funny and a great teacher, which leads to his favorite class being Global Society because it is taught by Mr. Wimmer.

Cassie Weiler

By MMCRU Tessa Weiler

Cassie Weiler is a senior at MMCRU High School. Weiler enjoys golfing and hanging out with her friends in her free time. Her favorite class is World Wars with Mr. Wimmer. If she could give advice to underclassmen, she would say, "Be yourself." Weiler would describe MMCRU as caring, a family, and a community. Weiler's plan for next year is to attend the University of South Dakota and major in Business.

Michael Petersen

By MMCRU Communications

Michael Petersen is currently a senior at MMCRU High School. Petersen has been involved in Football, Baseball, Basketball and Track. During his sophomore year, Petersen was inducted into the National Honor Society. When asked who the most inspiring teacher is, Petersen replied, "Mr. Marra!" His favorite high school memory is starting varsity in basketball as a freshman. Petersen's plan after high school is to attend a college and major in Business.

Bree Richardson

By MMCRU Communications

Bree Richardson is a senior at MMCRU High School. During high school, Richardson has been involved in Football Cheer, Competitive Cheer, Studio Dance, Speech, Student Council, and CYO. Richardson is excited to soak up all the memories of her last year of high school, and just enjoy school. Richardson's favorite class is Western Civ with Mr. Wimmer. When asked what her favorite high school memory is, Richardson replied, "Riding hoverboards around school all day my junior year." Richardson's plan after high school is to attend the University of Iowa where she will major in Psychology.

MMCRURoyals Go! Fight! Win!

Teacher Interview

By MMCRU Christian Lowden

This week I had the pleasure of interviewing Mr. Kyle Oswald. Oswald teaches and coaches at MMCRU High School. He teaches Social Studies and CAPS (Center for Advanced Professional Studies) and he coaches Football and Boys Track. Some of his hobbies include hunting, sports, and gardening. Oswald has been teaching since January of 2007, but he has been teaching at MMCRU since the fall of 2011. After asking if he always wanted to be a teacher, he replied, "No, I tried a few other majors but didn't stick with them long-term." We are thankful to have you teach here at MMCRU High School.
