MMCRU FFA Grants

By MMCRU Communications

The MMCRU FFA Chapter was very grateful this spring for receiving grants from Seaboard Foods and Smithfield Foods. They will be using the Seaboard Grant to purchase a tower garden for the Greenhouse. This is a hydroponic system in which the plants grow directly in the water. The Smithfield Grant will be used to buy a fitting chute for the Animal Science class. This will allow students safety while working with animals. Both Grants are sponsored through the National FFA.
